Creating a SNIA Emerald™ Test Data Report

Dave Thiel
SNIA Emerald Program Director

SNIA Emerald™ Training

SNIA Emerald Power Efficiency Measurement Specification, for use in EPA ENERGY STAR®

July 14-17, 2014

SNIA ™
Green Storage Initiative

SNIA Emerald™

Session Goal

- ◆ Describe Test Data Report Template
- ◆ How to fill-in the Test Data Report Template and create a Test Data Report
- ◆ How to submit a Test Data Report to Emerald Program
- ◆ Live walk through the process
- ◆ View available Test Data Reports

Step 1 – Get current TDR template

- ◆ Download current Test Data Report (TDR) Template from the Emerald web site (www.sniaemerald.com)
  - ◆ Click "Documents and Downloads" tab on left side of screen
  - ◆ Scroll down to the section with Test Data Report Template
  - ◆ Select and download the template that corresponds to the spec version that guided the testing
- ◆ Recommend downloading TDR Template each time you need it
  - ◆ Minor formatting changes are made whenever needed

Step 2 – Fill out TDR Template

◆ **TDR Template is an Excel spreadsheet**

  ◆ Many fields locked so they can't be modified

  ◆ Unlocked fields are either mandatory or optional to fill-in

◆ **TDR outline**

  ◆ Top of worksheet – information (not published)

  ◆ Page 1 – basic information about the product and vendor

  ◆ Page 2 – test metrics – the core of the report

  ◆ Pages 3-8 – additional product information

Step 3 – Check the result

◆ Save the TDR you filled out as a PDF (or Print Preview)

◆ Review the PDF for style and content

- This (with minor administrative changes) is what will be posted
- Make it represent the product and vendor appropriately!

Step 4 - Submit the TDR

- Go to the www.sniaemerald.com web site
- Go through the "Submittal Process" steps

Walk through process

- ◆ Now we will go through the steps, live
  - www.sniaemerald.com

- ◆ View available Test Data Reports
  - www.sniaemerald.com

Questions? Discussion!
